

YIGITHAN BURAK CETIN

Skills

- SQL (MySQL, PostgreSQL)
- Python (Currently Learning)
- Microsoft Excel
- Microsoft Power BI

Projects

ECOMMERCE DATA ANALYSIS PORTFOLIO PROJECT | POSTRESQL, POWER BI – Personal Project June 2026

- Cleaned and standardized a messy synthetic ecommerce orders dataset using PostgreSQL, resolving duplicates, missing values, inconsistent text formats, invalid numeric fields, mixed date formats, and product/category naming issues.
- Performed exploratory data analysis with SQL to identify revenue trends, top products, customer segments, country-level performance, discount impact, and shipping fee patterns.
- Built a 3-page Power BI dashboard tracking key KPIs including total revenue, gross revenue, total orders, average order value, total customers, units sold, discount impact, and shipping fees.
- Developed business insights and recommendations showing that Electronics drove the most revenue, iPhone 14 was the top product by revenue, France led country-level sales, and shipping costs were highest in Brazil.

COFFEE SHOP SALES DATA CLEANING & DASHBOARD PROJECT | EXCEL – Personal Project March 2026

- Cleaned and standardized a 1,000-row coffee shop sales dataset by correcting inconsistent customer information, store locations, discount codes, loyalty membership values, and mixed date formats.
- Performed data quality validation to identify missing values, duplicate records, invalid ratings, and calculation discrepancies, ensuring data accuracy and consistency.
- Created a structured QA process and project documentation summarizing data issues, cleaning actions, validation results, and final dataset quality metrics.
- Built an interactive Excel dashboard using Pivot Tables and Pivot Charts to track key KPIs including Total Sales, Total Orders, Average Order Value, Top Product, and Top Location.

Certifications

- [Microsoft Excel: Training Set from Beginner to Expert. | Instructor: Emre Akyuz](#)
- [Microsoft Power BI | Power Query-Power Pivot-DAX-Power BI | Instructor: Oguzhan Colak](#)
- [Industry-Focused SQL Training from Scratch | Instructor: Nafiz Altay](#)
- [SQL for Data Analysis: Advanced SQL Querying Techniques | Instructor: Alice Zhao](#)

Professional Experience

BACHELOR OF SCIENCE IN BUSINESS – Abant Izzet Baysal University – Bolu, TR

June 2022

Jobs Experience
